

Appendix 8

Top 16 Countries in Number of Natural Gas Vehicles, 2009*

According to the Natural Gas Vehicle Association of Europe, there are 11,355,785 natural gas vehicles (NGVs) in the world, and a total of 16,513 fueling stations. The chart below lists the top 16 countries by number of NGVs and shows the number of fueling station for each.

Rank	Country	Number of NGVs	Number of Fueling Stations
1	Pakistan	2,250,100	3,000
2	Argentina	1,813,777	1,851
3	Iran	1,734,431	1,079
4	Brazil	1,632,101	1,704
5	India	700,000	500
6	Italy	676,850	770
7	China	500,000	1,652
8	Colombia	299,640	485
9	Ukraine	200,019	283
10	Bangladesh*	177,555	500
121	Thailand	162,023	391
12	Bolivia	122,812	128
13	Egypt	199,679	119
14	Armenia	101,352	275
15	Russia	100,020	244
16	United States*	100,000	816

*2010 for Bangladesh; 2008 for the United States
